**ORANGE COUNTY AMATEUR RADIO CLUB**

**VOL. XXI. NO. 3**

**P.O. BOX 95, ORANGE, CALIF. 92668**

**MARCH 1980**

**OCARC BOARD MEETING. MINUTES March 9, 1980.**

1. Rehash of las months board minutes indicated that all items for action were covered.
2. Nets: We need more activity on the Nets. It was recommended that all of the officers check in to the net.
3. Letter received from KA6IUY, Steve Spears, asking if anyone in the Club is using 6 meters. Specifically the following freq's 53.100, 53.200, 53.300, 53.400 and 53.500. He would like to know if anyone in the OCARC is on or near these frequencies. Call Steve at (213) 836-8523.
4. Treasurers Report.

Checking Account	\$ 1785.01	Money Owed	\$ 1.22
Savings Account	1464.98		
Net Total	<u>3249.99</u>		
5. Jess was given \$30 for expenses for activities.
6. Discussion was held on Field Day operational philosophy. Should the Club go all out to win or have a training school and let everyone operate rather than useing the top operators to the best point advantage.
7. Discussion was held on whether to provide food or not for Field Day. Will be discussed at the field day committee meeting.
8. Jess will announce a new Club award program at the next Club meeting.

#####

This issue of the RF will be sent to many of our past members. I hope they will enjoy it and maybe visit us sometime or let us know what they have been doing.

Dixie, KA6DIO

MARCH PROGRAM NOTE

Can't work those "Rare Ones" lately?? Does your hair stand on  
end every time you use your mike??? Could be your antenna is  
putting more RF back into the rig than the rig is putting out.  
If that's the case come to our March meeting and give an ear to  
"Uncle" Vic, N6AHB, and Monty, WD6AUS. Hear of the trials and  
tribulations and conclusions of their experiments with the  
construction, care, and feeding of coaxial antennas. It might be  
just what you're looking for.

Here is a cheap 220 mhz vertical antenna with some gain. Its a copy of an antenna called a Ringo-Ranger. I call it a Dingo-Dandy, don't ask why.

- 1) Get a piece of electrical house wiring avg 14 or 12 at least 102 inches long. (Fig. 1).
- 2) Leave the insulation on except at the section of wire which will form the 1 turn loading coil. In that area strip away the insulation. (Fig. 1)
- 3) Fold the insulated section of wire above the bare wire as shown. (Fig. 2)
- 4) Obtain a plastic bicycle flag pole or other non-metallic support of approximately 6 ft length with which to support the wire vertically.
- 5) Tape or use shrink sleeving to hold wire in place against support.
- 6) Form the 18 inch length of bare wire into a 1 turn coil 4 inches in diameter. The wire remaining below the one turn coil may be left on, or cut off, or grounded. (Fig. 1).
- 7) Feed with 50 ohm coaxial cable. The shield goes to the bottom of the coil. The center conductor taps up on the coil about 1/2 turn from the bottom of the coil thru a variable capacitor about 3-30 pfd. Adjust top position and capacitor for min. vswr. or max field strength if you don't have a VSWR bridge. At my QTH this antenna provides improved performance over a 5/8 antenna. (Fig. 1)

- 8) Figure 2 shows an optional feed system. Once the 10 turn coil is positioned for minimum V.S.W.R., it may be held in place with tape. If you want to use the same size wire for this feed system as was used for forming the antenna, experiment with the number of turns in the coil. The number of turns seems to be critical. Start with a coil one inch long. It is important the starting turn (1st turn) of the coil be towards the antenna end of the 1 turn loading coil.

THE PREZ SE2:

I hope to see all of you at the meeting this month, especially those that have not been to a meeting this year. Don't forget, if you have not paid your yearly dues yet this will be the last issue of the RF you will receive. Sorry that I had to miss this months breakfast but I had a previous commitment doing some Public Service work with motorcycle racing at the Riverside Raceway.

Don't forget that if you have any input for the RF or the club let our Vice President know so that we may take some action. I would like to see someone come up with a club project that all members could take part in. How about you ATV and Computer people getting together and doing your thing. Any and all ideas are welcome with open arms.

CU at the meeting.

73's

Ernie, W6SPW

## OCARC MEETING MINUTES

February 15, 1980

1. Officers Roll Call  
All present except Dixie Mathers, Terry Mathers and Monty Caduff.
2. Minutes of last meeting were challenged by Frank Smith.  
Correction of misprint in RF was made to the Safeco Contribution provisions.
3. Activities Chairman Jess (W6LEN) gave the program. Subject was Contesting. He gave the benefits of contesting, such as sharpening operator skills and techniques. CW skill will be much improved. Also pointed out that the more proficient we become in contests, the better equipped we will be on Field Day. Jess also explained the OCARC Point System for the yearly award.
4. New Members - Chris Winder (W6KFW), Ed Scott (KA6BJS) and Rob Hoff (KA6HNY).
5. Visitors - Loraine McArthur (N6CIO), Betty McMillan (KA6IIT) and Kerry Fields (WB6UMB).
5. No Committee Reports given.
6. Communications - Letter from the Orange County Council asking for a \$15.00 donation for a film. It was moved that we not participate - Motion was carried.
7. Motion was made to buy a broom for the Club. Motion was withdrawn.
8. No outstanding bills for approval.
9. No old business.
10. New Business -
  - a. Letter received from old member - Rod Engel (W6EEK). He enclosed a donation of \$50 to the club.
  - b. It was recommended that the Board of Directors go over the By Laws and update as required.
  - c. It was pointed out that there is an Astronomy course on Sundays at 3:30 PM - Channel 50. Lots of propagation information given.
  - d. Rick Darwicki was elected TVI Chairman for the Club.
11. Treasurers Report - Accepted as printed in the RF.
12. Good of the club -
  - a. Frank nominated (W6RE) as an honorary member. Motion was withdrawn and will be brought before the Board.
  - b. Public Service - Negotiations are in progress with the City of Westminster for public service by Ocarc.

ORANGE COUNTY AMATEUR RADIO CLUB

MAR. 1980

OCARC MINUTES (Cont'd)

12. Good of the Club - c. Boy Scouts will have a five KM run in August. Frank would like for OCARC to provide two meter coverage for the event. Seven Members volunteered so the Club will participate.
13. Jess will take over the CW New Starting the week of February 17, 1980.
14. Activity of Raffles, prizes, etc., will be taken over by Robin Hoff (KA6HNY).
15. Meeting was adjourned.

Submitted by Vic Alvey, N6AHB

We are receiving RF's from other clubs which I will be bringing to the April meeting for those of you who are interested in seeing what the other clubs are doing. Here is a list of clubs sending RF's to us. ( I have also been sending to them.) :

ANAHEIM AMATEUR RADIO ASSOCIATION, INC.  
PALOMAR AMATEUR RADIO CLUB  
SAN FERNANDO VALLEY AMATEUR RADIO CLUB, INC.  
TEN-TEN INTERNATIONAL NET, INC. ( Quarterly Bulletin)  
SOUTH ORANGE AMATEUR RADIO ASSOCIATION  
HUGHES EL SEGUNDO RADIO CLUB  
SAN DIEGO REPEATER ASSOCIATION

I'd like to thank these clubs for sharing their newsletters with us.
